E-Waste Rules Compliance Verification Checklist

Companies: Top Electronics Manufacturers in India

Reference: E-Waste (Management) Rules, 2022 — CPCB FAQ, Jan 23, 2024

Name: Yash Redkar | Roll No: 24102B0011

⚠ SAMPLE / ILLUSTRATIVE DATA — All Status, Verdict, and Source entries below are placeholder examples for format reference only. They are NOT based on verified CPCB EPR Portal records or confirmed company disclosures. Replace with real findings before using this for any actual assessment, report, or submission.

How to Use This Document

This checklist has been filled with SAMPLE/ILLUSTRATIVE data to show the intended format. Actual public compliance/audit data for these specific companies has not been verified in this document. Before using it for any real purpose, verify each entry using the steps below and replace the sample values.

1. Check EPR registration: Search the company name on the CPCB E-Waste EPR Portal (eprewastecpcb.in) producer/manufacturer registry.

2. Check RoHS declarations: Look for RoHS compliance statements in the company's product datasheets or supplier quality pages.

3. Check disclosures: Review the company's Annual Report, BRSR (Business Responsibility & Sustainability Report), or CSR/Sustainability report for EPR obligation and recycling target figures.

4. Check for violations: Search CPCB/SPCB show-cause notices or environmental compensation orders under the E-Waste Rules.

5. Record findings: Mark each criterion Yes/No/Unverified per company in the detailed sections below, then complete the summary table.

Summary Table

Company	EPR Registered?	Overall Status	Verification Source
Dixon Technologies	Yes	Compliant	Sample — company BRSR (illustrative)
Kaynes Technology	Yes	Compliant	Sample — annual report (illustrative)
Sahasra Electronics	Unverified	Unable to Verify	Sample — no public disclosure found (illustrative)
Centum Electronics	Yes	Compliant	Sample — sustainability report (illustrative)
Avalon Technologies	Yes	Partially Compliant	Sample — IPO prospectus / annual report (illustrative)
Foxconn (Hon Hai) India	Yes	Compliant	Sample — global ESG report (illustrative)
Elin Electronics	Unverified	Unable to Verify	Sample — limited public data (illustrative)
Syrma SGS Technology	Yes	Compliant	Sample — BRSR / annual report (illustrative)
Tata Electronics	Yes	Compliant	Sample — Tata Group sustainability disclosures (illustrative)
VVDN Technologies	Unverified	Unable to Verify	Sample — private company, limited disclosure (illustrative)

Detailed Per-Company Checklist

1. Dixon Technologies

Compliance Criterion	Requirement (per CPCB FAQ, E-Waste Rules 2022)	Status (Yes/No/Unverified)	Evidence / Source Checked
EPR Registration on E-Waste EPR Portal	Registered as Manufacturer/Producer on the CPCB E-Waste EPR Portal (mandatory under Rule 4).	Yes	Sample — company BRSR (illustrative)
RoHS Self-Declaration	Self-declaration that EEE complies with Rule 16(1) hazardous substance limits (Pb, Hg, Cd, Cr6+, PBB, PBDE).	Yes	Sample — company BRSR (illustrative)
RoHS Technical Documentation	Technical documents on RoHS (per EN 50581 / EN IEC 63000:2018) available for CPCB/SPCB verification.	Yes	Sample — company BRSR (illustrative)
EPR Recycling Target Met	Meeting phase-wise EPR obligation: 60% (FY23-24, FY24-25), 70% (FY25-26, FY26-27), 80% (FY27-28+).	Yes	Sample — company BRSR (illustrative)
EPR Certificate Purchase (if applicable)	EPR certificates purchased only from CPCB-registered recyclers matching the relevant EEE code.	Yes	Sample — company BRSR (illustrative)
Quarterly & Annual Returns Filed	Timely filing of quarterly and annual returns on the EPR Portal.	Yes	Sample — company BRSR (illustrative)
Valid CTO / Hazardous Waste Authorization	Valid Consent to Operate (Air & Water Act) and Hazardous Waste Authorization from concerned SPCB (for Manufacturers).	Yes	Sample — company BRSR (illustrative)

Overall verdict: **Compliant (SAMPLE — unverified)**

Notes: *Sample entry: large listed EMS player, typically discloses EPR registration in BRSR. Verify actual filing before relying on this.*

---

2. Kaynes Technology

Compliance Criterion	Requirement (per CPCB FAQ, E-Waste Rules 2022)	Status (Yes/No/Unverified)	Evidence / Source Checked
EPR Registration on E-Waste EPR Portal	Registered as Manufacturer/Producer on the CPCB E-Waste EPR Portal (mandatory under Rule 4).	Yes	Sample — annual report (illustrative)
RoHS Self-Declaration	Self-declaration that EEE complies with Rule 16(1) hazardous substance limits (Pb, Hg, Cd, Cr6+, PBB, PBDE).	Yes	Sample — annual report (illustrative)
RoHS Technical Documentation	Technical documents on RoHS (per EN 50581 / EN IEC 63000:2018) available for CPCB/SPCB verification.	Unverified	Sample — annual report (illustrative)
EPR Recycling Target Met	Meeting phase-wise EPR obligation: 60% (FY23-24, FY24-25), 70% (FY25-26, FY26-27), 80% (FY27-28+).	Yes	Sample — annual report (illustrative)
EPR Certificate Purchase (if applicable)	EPR certificates purchased only from CPCB-registered recyclers matching the relevant EEE code.	Unverified	Sample — annual report (illustrative)
Quarterly & Annual Returns Filed	Timely filing of quarterly and annual returns on the EPR Portal.	Yes	Sample — annual report (illustrative)
Valid CTO / Hazardous Waste Authorization	Valid Consent to Operate (Air & Water Act) and Hazardous Waste Authorization from concerned SPCB (for Manufacturers).	Yes	Sample — annual report (illustrative)

Overall verdict: **Partially Compliant (SAMPLE — unverified)**

Notes: *Sample entry: EPR registration likely; recycling-target and certificate-purchase figures not independently confirmed here.*

---

3. Sahasra Electronics

Compliance Criterion	Requirement (per CPCB FAQ, E-Waste Rules 2022)	Status (Yes/No/Unverified)	Evidence / Source Checked
EPR Registration on E-Waste EPR Portal	Registered as Manufacturer/Producer on the CPCB E-Waste EPR Portal (mandatory under Rule 4).	Unverified	Sample — no public disclosure found (illustrative)

RoHS Self-Declaration	Self-declaration that EEE complies with Rule 16(1) hazardous substance limits (Pb, Hg, Cd, Cr6+, PBB, PBDE).	Unverified	Sample — no public disclosure found (illustrative)
RoHS Technical Documentation	Technical documents on RoHS (per EN 50581 / EN IEC 63000:2018) available for CPCB/SPCB verification.	Unverified	Sample — no public disclosure found (illustrative)
EPR Recycling Target Met	Meeting phase-wise EPR obligation: 60% (FY23-24, FY24-25), 70% (FY25-26, FY26-27), 80% (FY27-28+).	Unverified	Sample — no public disclosure found (illustrative)
EPR Certificate Purchase (if applicable)	EPR certificates purchased only from CPCB-registered recyclers matching the relevant EEE code.	Unverified	Sample — no public disclosure found (illustrative)
Quarterly & Annual Returns Filed	Timely filing of quarterly and annual returns on the EPR Portal.	Unverified	Sample — no public disclosure found (illustrative)
Valid CTO / Hazardous Waste Authorization	Valid Consent to Operate (Air & Water Act) and Hazardous Waste Authorization from concerned SPCB (for Manufacturers).	Unverified	Sample — no public disclosure found (illustrative)

Overall verdict: **Unable to Verify (SAMPLE — unverified)**

Notes: *Sample entry: smaller/less-listed company; limited public ESG disclosure assumed for illustration.*

---

4. Centum Electronics

Compliance Criterion	Requirement (per CPCB FAQ, E-Waste Rules 2022)	Status (Yes/No/Unverified)	Evidence / Source Checked
EPR Registration on E-Waste EPR Portal	Registered as Manufacturer/Producer on the CPCB E-Waste EPR Portal (mandatory under Rule 4).	Yes	Sample — sustainability report (illustrative)
RoHS Self-Declaration	Self-declaration that EEE complies with Rule 16(1) hazardous substance limits (Pb, Hg, Cd, Cr6+, PBB, PBDE).	Yes	Sample — sustainability report (illustrative)
RoHS Technical Documentation	Technical documents on RoHS (per EN 50581 / EN IEC 63000:2018) available for CPCB/SPCB verification.	Yes	Sample — sustainability report (illustrative)
EPR Recycling Target Met	Meeting phase-wise EPR obligation: 60% (FY23-24, FY24-25), 70% (FY25-26, FY26-27), 80% (FY27-28+).	Unverified	Sample — sustainability report (illustrative)
EPR Certificate Purchase (if applicable)	EPR certificates purchased only from CPCB-registered recyclers matching the relevant EEE code.	Yes	Sample — sustainability report (illustrative)
Quarterly & Annual Returns Filed	Timely filing of quarterly and annual returns on the EPR Portal.	Yes	Sample — sustainability report (illustrative)
Valid CTO / Hazardous Waste Authorization	Valid Consent to Operate (Air & Water Act) and Hazardous Waste Authorization from concerned SPCB (for Manufacturers).	Yes	Sample — sustainability report (illustrative)

Overall verdict: **Partially Compliant (SAMPLE — unverified)**

Notes: *Sample entry: general compliance posture assumed good; recycling-target attainment not confirmed here.*

---

5. Avalon Technologies

Compliance Criterion	Requirement (per CPCB FAQ, E-Waste Rules 2022)	Status (Yes/No/Unverified)	Evidence / Source Checked
EPR Registration on E-Waste EPR Portal	Registered as Manufacturer/Producer on the CPCB E-Waste EPR Portal (mandatory under Rule 4).	Yes	Sample — IPO prospectus / annual report (illustrative)
RoHS Self-Declaration	Self-declaration that EEE complies with Rule 16(1) hazardous substance limits (Pb, Hg, Cd, Cr6+, PBB, PBDE).	Yes	Sample — IPO prospectus / annual report (illustrative)
RoHS Technical Documentation	Technical documents on RoHS (per EN 50581 / EN IEC 63000:2018) available for CPCB/SPCB verification.	Unverified	Sample — IPO prospectus / annual report (illustrative)
EPR Recycling Target Met	Meeting phase-wise EPR obligation: 60% (FY23-24, FY24-25), 70% (FY25-26, FY26-27), 80% (FY27-28+).	Unverified	Sample — IPO prospectus / annual report (illustrative)
EPR Certificate Purchase (if applicable)	EPR certificates purchased only from CPCB-registered recyclers matching the relevant EEE code.	Unverified	Sample — IPO prospectus / annual report (illustrative)

Quarterly & Annual Returns Filed	Timely filing of quarterly and annual returns on the EPR Portal.	Yes	Sample — IPO prospectus / annual report (illustrative)
Valid CTO / Hazardous Waste Authorization	Valid Consent to Operate (Air & Water Act) and Hazardous Waste Authorization from concerned SPCB (for Manufacturers).	Yes	Sample — IPO prospectus / annual report (illustrative)

Overall verdict: **Partially Compliant (SAMPLE — unverified)**

Notes: *Sample entry: registration assumed on record; recycling and certificate data not confirmed here.*

---

6. Foxconn (Hon Hai) India

Compliance Criterion	Requirement (per CPCB FAQ, E-Waste Rules 2022)	Status (Yes/No/Unverified)	Evidence / Source Checked
EPR Registration on E-Waste EPR Portal	Registered as Manufacturer/Producer on the CPCB E-Waste EPR Portal (mandatory under Rule 4).	Yes	Sample — global ESG report (illustrative)
RoHS Self-Declaration	Self-declaration that EEE complies with Rule 16(1) hazardous substance limits (Pb, Hg, Cd, Cr6+, PBB, PBDE).	Yes	Sample — global ESG report (illustrative)
RoHS Technical Documentation	Technical documents on RoHS (per EN 50581 / EN IEC 63000:2018) available for CPCB/SPCB verification.	Yes	Sample — global ESG report (illustrative)
EPR Recycling Target Met	Meeting phase-wise EPR obligation: 60% (FY23-24, FY24-25), 70% (FY25-26, FY26-27), 80% (FY27-28+).	Yes	Sample — global ESG report (illustrative)
EPR Certificate Purchase (if applicable)	EPR certificates purchased only from CPCB-registered recyclers matching the relevant EEE code.	Yes	Sample — global ESG report (illustrative)
Quarterly & Annual Returns Filed	Timely filing of quarterly and annual returns on the EPR Portal.	Yes	Sample — global ESG report (illustrative)
Valid CTO / Hazardous Waste Authorization	Valid Consent to Operate (Air & Water Act) and Hazardous Waste Authorization from concerned SPCB (for Manufacturers).	Yes	Sample — global ESG report (illustrative)

Overall verdict: **Compliant (SAMPLE — unverified)**

Notes: *Sample entry: large multinational, generally strong global ESG disclosure; India-specific figures not verified here.*

---

7. Elin Electronics

Compliance Criterion	Requirement (per CPCB FAQ, E-Waste Rules 2022)	Status (Yes/No/Unverified)	Evidence / Source Checked
EPR Registration on E-Waste EPR Portal	Registered as Manufacturer/Producer on the CPCB E-Waste EPR Portal (mandatory under Rule 4).	Unverified	Sample — limited public data (illustrative)
RoHS Self-Declaration	Self-declaration that EEE complies with Rule 16(1) hazardous substance limits (Pb, Hg, Cd, Cr6+, PBB, PBDE).	Unverified	Sample — limited public data (illustrative)
RoHS Technical Documentation	Technical documents on RoHS (per EN 50581 / EN IEC 63000:2018) available for CPCB/SPCB verification.	Unverified	Sample — limited public data (illustrative)
EPR Recycling Target Met	Meeting phase-wise EPR obligation: 60% (FY23-24, FY24-25), 70% (FY25-26, FY26-27), 80% (FY27-28+).	Unverified	Sample — limited public data (illustrative)
EPR Certificate Purchase (if applicable)	EPR certificates purchased only from CPCB-registered recyclers matching the relevant EEE code.	Unverified	Sample — limited public data (illustrative)
Quarterly & Annual Returns Filed	Timely filing of quarterly and annual returns on the EPR Portal.	Unverified	Sample — limited public data (illustrative)
Valid CTO / Hazardous Waste Authorization	Valid Consent to Operate (Air & Water Act) and Hazardous Waste Authorization from concerned SPCB (for Manufacturers).	Unverified	Sample — limited public data (illustrative)

Overall verdict: **Unable to Verify (SAMPLE — unverified)**

Notes: *Sample entry: insufficient public disclosure assumed for illustration purposes only.*

---

8. Syrma SGS Technology

Compliance Criterion	Requirement (per CPCB FAQ, E-Waste Rules 2022)	Status (Yes/No/Unverified)	Evidence / Source Checked
EPR Registration on E-Waste EPR Portal	Registered as Manufacturer/Producer on the CPCB E-Waste EPR Portal (mandatory under Rule 4).	Yes	Sample — BRSR / annual report (illustrative)
RoHS Self-Declaration	Self-declaration that EEE complies with Rule 16(1) hazardous substance limits (Pb, Hg, Cd, Cr6+, PBB, PBDE).	Yes	Sample — BRSR / annual report (illustrative)
RoHS Technical Documentation	Technical documents on RoHS (per EN 50581 / EN IEC 63000:2018) available for CPCB/SPCB verification.	Yes	Sample — BRSR / annual report (illustrative)
EPR Recycling Target Met	Meeting phase-wise EPR obligation: 60% (FY23-24, FY24-25), 70% (FY25-26, FY26-27), 80% (FY27-28+).	Yes	Sample — BRSR / annual report (illustrative)
EPR Certificate Purchase (if applicable)	EPR certificates purchased only from CPCB-registered recyclers matching the relevant EEE code.	Unverified	Sample — BRSR / annual report (illustrative)
Quarterly & Annual Returns Filed	Timely filing of quarterly and annual returns on the EPR Portal.	Yes	Sample — BRSR / annual report (illustrative)
Valid CTO / Hazardous Waste Authorization	Valid Consent to Operate (Air & Water Act) and Hazardous Waste Authorization from concerned SPCB (for Manufacturers).	Yes	Sample — BRSR / annual report (illustrative)

Overall verdict: **Partially Compliant (SAMPLE — unverified)**

Notes: *Sample entry: listed company, EPR registration assumed; certificate-purchase detail not confirmed here.*

---

9. Tata Electronics

Compliance Criterion	Requirement (per CPCB FAQ, E-Waste Rules 2022)	Status (Yes/No/Unverified)	Evidence / Source Checked
EPR Registration on E-Waste EPR Portal	Registered as Manufacturer/Producer on the CPCB E-Waste EPR Portal (mandatory under Rule 4).	Yes	Sample — Tata Group sustainability disclosures (illustrative)
RoHS Self-Declaration	Self-declaration that EEE complies with Rule 16(1) hazardous substance limits (Pb, Hg, Cd, Cr6+, PBB, PBDE).	Yes	Sample — Tata Group sustainability disclosures (illustrative)
RoHS Technical Documentation	Technical documents on RoHS (per EN 50581 / EN IEC 63000:2018) available for CPCB/SPCB verification.	Yes	Sample — Tata Group sustainability disclosures (illustrative)
EPR Recycling Target Met	Meeting phase-wise EPR obligation: 60% (FY23-24, FY24-25), 70% (FY25-26, FY26-27), 80% (FY27-28+).	Yes	Sample — Tata Group sustainability disclosures (illustrative)
EPR Certificate Purchase (if applicable)	EPR certificates purchased only from CPCB-registered recyclers matching the relevant EEE code.	Yes	Sample — Tata Group sustainability disclosures (illustrative)
Quarterly & Annual Returns Filed	Timely filing of quarterly and annual returns on the EPR Portal.	Yes	Sample — Tata Group sustainability disclosures (illustrative)
Valid CTO / Hazardous Waste Authorization	Valid Consent to Operate (Air & Water Act) and Hazardous Waste Authorization from concerned SPCB (for Manufacturers).	Yes	Sample — Tata Group sustainability disclosures (illustrative)

Overall verdict: **Compliant (SAMPLE — unverified)**

Notes: *Sample entry: part of Tata Group, generally strong compliance culture assumed; not independently verified here.*

---

10. VVDN Technologies

Compliance Criterion	Requirement (per CPCB FAQ, E-Waste Rules 2022)	Status (Yes/No/Unverified)	Evidence / Source Checked
EPR Registration on E-Waste EPR Portal	Registered as Manufacturer/Producer on the CPCB E-Waste EPR Portal (mandatory under Rule 4).	Unverified	Sample — private company, limited disclosure (illustrative)

RoHS Self-Declaration	Self-declaration that EEE complies with Rule 16(1) hazardous substance limits (Pb, Hg, Cd, Cr6+, PBB, PBDE).	Unverified	Sample — private company, limited disclosure (illustrative)
RoHS Technical Documentation	Technical documents on RoHS (per EN 50581 / EN IEC 63000:2018) available for CPCB/SPCB verification.	Unverified	Sample — private company, limited disclosure (illustrative)
EPR Recycling Target Met	Meeting phase-wise EPR obligation: 60% (FY23-24, FY24-25), 70% (FY25-26, FY26-27), 80% (FY27-28+).	Unverified	Sample — private company, limited disclosure (illustrative)
EPR Certificate Purchase (if applicable)	EPR certificates purchased only from CPCB-registered recyclers matching the relevant EEE code.	Unverified	Sample — private company, limited disclosure (illustrative)
Quarterly & Annual Returns Filed	Timely filing of quarterly and annual returns on the EPR Portal.	Unverified	Sample — private company, limited disclosure (illustrative)
Valid CTO / Hazardous Waste Authorization	Valid Consent to Operate (Air & Water Act) and Hazardous Waste Authorization from concerned SPCB (for Manufacturers).	Unverified	Sample — private company, limited disclosure (illustrative)

Overall verdict: **Unable to Verify (SAMPLE — unverified)**

Notes: *Sample entry: privately held, minimal public ESG disclosure assumed for illustration.*

Key Rule References

- **Governing law:** E-Waste (Management) Rules, 2022, effective 01-04-2023, under the Environment Protection Act, 1986.
- **RoHS limits:** Max 0.1% by weight for Pb, Hg, Cr6+, PBB, PBDE; max 0.01% for Cadmium (Rule 16(1)).
- **EPR targets:** 60% (FY23-24 & FY24-25) → 70% (FY25-26 & FY26-27) → 80% (FY27-28 onward).
